Vanessa Veracruz

I'm a lover of all women, especially exotic looking women, and sexy-as-hell Vanessa fills the bill. I bought the Club Latina issue solely on the strength of Vanessa's fantastic cover picture. And inside when she got topless with her glorious big jugs sticking out for me to admire. And get hot over. Vanessa is my favorite Latina porn star. So I like seeing her long, black hair hanging over those melons. And it looked like she was having fun when she pulled her panty off to let the fun begin. But the layout didn't have spread and hot shots that I expected. Oh, she looked great, but I was expecting more pink. She has a great pussy and ass to go along with her D cups and I was hoping for a closer look at those. Nonetheless, I was very happy with the pictures and I'll keep day-dreaming about her in the future.

Rebecca Linares

I'm twenty-two and remember seeing Rebecca last year in Miami. I was an admirer of hers for a few years I was at a yacht party with my best friend and she showed up in a group of three other ladies. Apparently one of them knew a boat owners and they had invited her and the others. What a great gal she was. Even though I didn't have the opportunity to speak with her one on one, I did sit with her and the gals in a group chat. She was very nice and good natured. Even when one of the guys started jiving her about her work, she maintained an upbeat and humorous attitude. He was asking about the size of her new boobs. She put him in his place when she invited him to motorboat them, and right there she pulled her top down and pulled his head to her chest. He did and when his face surfaced, he was as red as a beet. That was cool. We all laughed and laughed – at him!

A woman with long brown hair is sitting on a red sofa with a gold paisley pattern. She is wearing a black school blazer with gold buttons, a red and white striped tie, and a white collared shirt. She is also wearing black tights and red lace underwear. She is holding an open book in her left hand and has her right hand on her head. The background is a wooden wall with a decorative molding.

Zuzana

When my parents sent me off to boarding school, I knew it would be very difficult for me. Difficult days in class and long nights with homework were not things I was looking forward to. My time was so filled with schoolwork, sometimes I just went back to my room and screamed. Fortunately for me, I do have a couple professors who have showed an interest in me. I've been able to get some time with them and they were more than able to show me some thing I would never learn in the classroom. I do not know how these sessions will affect my final grade.

THIS IS A GOOD LESSON LEARNED

a little sex in Sessex

*There are many things that a young man learns at the University.
All are a part of growing.
However, there are some things that, when learned, stay with him for life.*

I'm one of the editors at the university's website. My name is Nigel and I'm a fifth-year senior. I blog mostly about student-teacher relations and have done exposes on the faculty, administration and even the janitorial staff. Most of them have been rather political in nature, but a few have gotten personal. I have a following of thousands in the Sessex area. I can't say which university I belong to because I want a job after college and I don't want to jeopardize my future too much. But I do want to relate this story before it becomes just another memory.

Last month there was this little incident with Dr. Norris. She worked for the University Hospital several blocks away from my dorm (yes, I still choose to live on campus). I was beginning my last year in pre-med and ac-

cepted an internship with her. She came highly recommended and I even discovered that she had a few students come back to work with her group after their graduation.

So now it's Thursday morning, three weeks after I began working with her. I went to my last class and then off to the hospital as usual. She told me that I was going to be working on a special project with her for the next two weeks. She told me to report to her after class tomorrow and we'd get started. We were to work in the laboratory trying different solutions in a chemical mixture that would isolate certain amino acids that we then could re-engineer into other compounds. I was excited to put my chemistry and lab skills to good use instead of just hearing and reading about them in the classroom.

I arrived at the hospital the next day and after flashing my badge, headed straight to the basement laboratories. There are two large well-equipped labs with two offices, four cubicles with computers, a small lounge area with a sofa and a couple of overstuffed chairs and one unisex bathroom. When I got downstairs, on my way to my cubicle, I saw the doctor in the hallway walking towards her office. She

was one step ahead of me, telling me to go to the lab and grab my lab coat and to meet her in her office in ten minutes to go over the project.

For a week, including weekends, she took me through the steps of isolating some of the organic elements and prepping others for their eventual combination.

Dr. Norris always smelled good, very feminine, but she was sure and confident in her knowledge and teaching style. This morning, she invited me into her office to review the last few days research. As she talked about the findings, I sensed her tone softening and she stumbled over a few words. I've never heard her misstate anything before today. She got up from her office chair and came around to me and stood behind me. She kissed the back of my neck as she massaged my shoulders and said "I know you'd enjoy it."

I was shocked, and used every bit of me to turn around and I got up to leave but she blocked the doorway.

She said "I will only ask you once and then I won't bring it up again. I've wanted this for a long time. I trust you and it seems like you trust me. So I'm going to ask

you again," She walked closer, staring me directly in the eyes and placing her right hand on my crotch. "Do you want this to stop?"

She unzipped my pants and stuck her hand inside. She grabbed my turgid cock and to her shock, I pushed her hand away. I tried to walk away, but before I could take my first step, she dropped to

her knees, pulled my cock out of my pants and placed her warm wet mouth on my cock and I realized I was about to enjoy it.

But next thing I know, my pants and underwear slid to the floor so effortlessly. I opened my eyes and looked down. She had completely stripped me of my clothes from the waist down. All I had on was my t-shirt. She was already making me moan and soon she opened her lab coat to reveal a form-fitting red teddy underneath. She went back down on me and looked back up at me with my dick half way in her mouth.

I was enjoying this so much that I took my shirt off. She smiled up at me but even though she was stroking my cock with her hands and mouth – I wanted more. So I pushed my cock further into her mouth. My confidence rose to the point where I started face-fucking her. I grabbed her hair and went full force. Her smile grew bigger and she gagged as she swallowed all my cock down her throat. Never in my life had I face-fucked anyone before, it felt like her mouth was made to suck my rigid cock.

Dr. Norris got off her knees and told me to sit on her

desk. Immediately she went back at it. My body started to tighten up and she knew I was ready to cum. She stopped and said "No, not yet." so she reached up and took my head closer to hers and kissed my lips with such passion it made me melt right there on her desk.

Then she said, "Now you may cum, and don't hold back. I want it all in my mouth, right now."

give her as much cum as she wanted. I stiffened up and cock filled her mouth – and it happened. I exploded with cum jetting down her beautiful throat. I became a fountain of ever-streaming ropes of cum. It felt as if I was never going to stop. I gripped her hair with one hand and the edge of the desk with the other while I was still enjoying her bobbing up and down.

I smiled as she went back to deep throating me, wanting me to touch the back of her throat with the head of my cock. She buried her face into my forest of a pubic area while placing my legs over her shoulders. She lifted her face from my pubic area to give my balls some attention. She tried to stick both of them into her mouth at the same time and it felt as if she had given me the best gift of all. Then she removed them and went straight for my hole. I was in shock that she did that, but it was the best.

She licked all around it and over it. Without any notice she spit right into my hole and that made me jump. I arched my back, tilted my head back and gripped her hair and quietly said "Don't stop, don't stop."

Five minutes after she stopped me from cumming the first time, she stopped and said "I never had anyone last this long." She laughed and said "Now we're going to see about that." and with that, she put my legs back on her shoulders and stuck her face between my cock and balls. I felt tiny bites and nibbles as he worked that area. Then, my cock went back into her mouth. She started sucking faster and faster. I was ready to

A short while later I was done – exhausted and satisfied to no end. She backed off and my feet hit the floor, but I couldn't stand so I just slowly slumped to the floor. She sat in the chair in front of me and unsnapped the teddy between her legs. Her pussy glistened in the office lights. She leaned forward and gave me another passionate kiss as if I had done her the biggest favor on earth. Then she said "Your turn, my dear intern."

I looked at her perfectly coiffed pussy in front of me and reached out to gently stroke it. I got on my knees and leaned into her crotch. I was still completely naked. As I began licking her, she said "Can I be serious?" I nodded and looked directly into her eyes. She said "I wanted you every since you started here, and I hope this doesn't stop anytime soon."

Still catching my breath from that whirlwind she took me through I said "If this doesn't affect my grade one way or the other, then I'd love to continue." And with that I buried my tongue as far as it would go into her pussy. Minutes later she was bucking in the chair as I finished her off.

Marina & Lola

Okay, we'll cum clean. We are besties and love to spend time together. The time is special to us and we love to take advantage of it. It is special to us because we know next year after we graduate, we're probably going to go different ways and may not see each other again. That would be sad. But for now...

A woman with long brown hair in pigtails, wearing a white button-down shirt with a purple striped tie, a dark blazer, and fishnet stockings with white lace. She is posing outdoors against a stone wall with a spherical finial in the background. She has pink nail polish and is wearing a red beaded bracelet and a silver ring.

I was asked to come to the Dean's office last week because my tie was not tied properly. She made me bend over and took a switch to my bum. I was pretty upset. I told my Economics professor and he made me feel better. First with his soothing words, and then with his big cock. Who new teachers were so hung!

GETTING WET BETWEEN CLASSES

Part of becoming a well rounded college student is knowing how to live with roommates. Some institutions in Glasgow allow the sexes to cohabitate. Yes, there will be problems and, while it should be platonic, there may be hanky-panky.

We've asked Bernard, a post-graduate at a Glasgow university, to tell us about one of his experiences with a female roommate. While they got off to a jumpy start, things smoothed out as the months wore on. Tell us, Bernie, how did it go?

It's just after midnight as Thursday changed into Friday and I just got home from the library. I was studying for an economics test coming up on Friday. I want to jump into the shower to chill out and then hit the sack. I live on campus in what they call mixed housing. That is, after your freshman year, guys and girls can room together. I met my current roommate, Priscilla, in our anthropology class last year. Her major is Archaeology and mine is Business Management. We hit it off, dated for a month, broke up, but remained really good friends. At the end of last year we talked about sharing

a room this year and we both agreed we could do it, platonically.

So I come into the unit and in the back I think hear the shower running. Bummed that I may have to wait, I decided I couldn't. I went to my room and dropped my books, and then my clothes. I grabbed my towel and headed for the bathroom. The bathroom is shared by four different bedrooms in this unit. The door is partially open and Priscilla's in the shower. She's humming a familiar tune and stops when she senses me at the entrance. I tell her that I'd been at the library all night and I was pooped. I wanted to just do a quick shower and go to bed. She said she had just gotten in and wanted to relax. I said I would just get wet, soap up, rinse off and go. She said okay and I got in the shower.

The temperature was just right, very warm but not scalding, and she bathed in the feel of the fine spray on her shoulders, as her neck muscles relaxed. She did not move too far over but steps back a little, letting the water soak her hair, and run down her face and across her full breasts. She reaches down for the shampoo, and started massaging it into her hair. As she steps under the spray to rinse, she suddenly feels my hands on her shoulders and leans back against my chest.

I know, I said we were supposed to be platonic, but sometimes we slip into the erotic. Fortunately, it just stays in the moment and then we are able to move on and have a normal day. So... she could feel my hardness against her buttocks, and wiggles against it playfully as my hands roam up her sides, finally encircling her and moving up to her breasts. I playfully tickle the edges and the undersides, but eventually my fingers find their way to her nipples, which had gotten hard almost at first touch.

Priscilla then turned around, and our lips met. I pushed my tongue inside her mouth, my arms encircling her, and she reaches down to touch my wet, hard cock. Priscilla took it in her hand, caressing it gently, rubbing the shaft and moving a finger down to caress the my balls. She knelt down and planted a kiss on the tip. I ran my fingers through her hair as the water of the shower rained down around her, and she took my penis into her mouth. She ran her tongue around the head, feeling its smoothness in the whole of her mouth before she started to suck on it. Her right hand encircled the shaft, and she began to rhythmically stroke me in time with the action of her mouth.

Priscilla could feel my excitement grow, as the water ran down her face, and she took more of me into her mouth. She moved her hand back to caress my balls and drew almost my complete shaft into her throat. She generated as much suction as she could, and started to use her mouth to move it in and out, taking his entire length into her throat on the deep stroke. She stroked, faster and faster, and finally with a groan, I reached orgasm. She took me out of her mouth then, and let

the water of the shower run across my penis.

I pulled her up from her knees and smiling, lifted her in my arms and carried her from the shower. I took a large, fluffy bath towel and began to dry her shoulders and worked down to her back, then putting my arms around her to dry her breasts and stomach. Kneeling, I towed off her legs and feet, and as she stood ran a teasing finger up the inside of her leg, almost to her pussy. Priscilla trembled a little at the sensation, and even more as my finger began to trace the inside of her thigh.

I moved my fingers up to gently brush the folds of skin around her vulva, massaging and kneading the tender flesh, and sending shock waves through her body. Her legs began trembling, and I pulled her down next to me. I knelt between them and lightly licked the inside of her thigh. She moaned and spread her legs wider as I licked higher, reaching her labia, teasing her

gently for a second before retreating and licking her other thigh. She reached her hands down to my hair, and gently stroked my head and caressed the muscles of my neck as I blew gently on her clit. I took it into my mouth and sucked on it gently, causing her to gasp. Then I pulled back and began to use my tongue in earnest, sometimes quickly, other times slower, making slow, lazy circles around her clit.

I worked a quick finger inside of her and penetrated deeply, and moved it in and out in the rhythm of my tongue moving against her clitoris. Priscilla moaned at the feelings I was inducing in her body, and as they intensified she orgasmed. I looked up at her and smiled, and then crawled up her body to lie on top of her. Priscilla put her arms around me and luxuriated in my maleness. Soon she could feel me becoming hard again, and she parted her legs to let me enter. I slid in smoothly and we lay motionless for a moment, enjoying the sensation of her pussy walls around me.

Eventually I started to thrust myself rhythmically into her, moving my hips against hers, and she rose up to meet me on each deep thrust. Priscilla pulled me even more deeply inside of her. I groaned, and she could feel me starting to spasm inside of her. The sensation brought her to her own orgasm, and we came together, shuddering. I stayed inside of her as we lay together in the afterglow, enjoying the sensations of each others' body. With our arms around each other, she finally pushed me off of her to allow her return to the shower that I had so rudely interrupted.

Ava & Iwica

Ava's and Iwica's school day is over. Their lessons seem to be spilling over to the office as two adjunct professors now become involved. After several minutes the four get down to figuring out what is best for the ladies. Lucky for the men that the ladies are willing to forsake their studies, their clothes, and their grades for a grand fuck.
